# Formatting Responses

Demonstrate your required response format, to minimize time spent parsing errors.

Text Models: ChatGPT

Prompting ChatGPT

———

This is a simple prompt we can use with ChatGPT when generating a list of ideas for product names.

Prompt Engineering

— — —

This is a prompt template we've discovered which reliably yields useful or desired results when generating a list of ideas for product names.

Formatting Responses

———

Demonstrating your required response format, minimizes time spent parsing errors.

When working with APIs formatting responses as JSON can help programmability.

Image Models: Midjourney

Prompting Midjourney

This is a simple prompt we can use with Midjourney when generating a stock photo of a business meeting.

Prompt Engineering

———

This is a prompt template we've discovered which reliably yields useful or desired results when generating a stock photo of a business meeting.

Formatting Responses

– – –

Demonstrating your required response format, minimizes time spent parsing errors.

Use formats that are well-recognized and likely to appear in training data.
